EDUCATION

Indian Institute of Technology Gandhinagar May 2015 - June 2020
Ph.D., Electrical Engineering
Advisor: Dr. Shanmuganathan Raman
CPI : 9.39/10

Indian Institute of Technology Gandhinagar 2010-2014
B.Tech., Electrical Engineering with Minor in Computer Science
CPI : 7.72/ 10

Kendriya Vidyalaya No.4, Gwalior (M.P.) 2009
High School Certificate (CBSE) 85.4%

Khushal Vidya Peeth, Gwalior (M.P.) 2007
Secondary School Certificate (CBSE) 85%

WORK EXPERIENCE

OLA Electric Mobility Pvt. Ltd. August 2020 - Present
Research Engineer II
I mainly work on computer vision related problems which involve monocular videos and require computationally efficient solutions. Two patent applications based on my works done here are under preparation.

eClerx Services Limited May 2014 - May 2015
Senior Software Engineer

RESEARCH INTERESTS

My research interests lie in **Deep Learning, Computer Vision,** and **Image Processing**. During my Ph.D., I worked on problems which involve moving objects present in videos or images captured from different view-points. I am actively working with deep neural networks for images, videos, and image sequences. I have worked on a variety of computer vision related problems like action recognition, dynamic object detection, and image sequencing. I also like to explore the advantages of using multiple images of a scene over a single image in different scenarios.

AWARDS

TCS Research Scholarship July 2016 - July 2020

Best Paper Runner-up December 2019
Awarded for "Exploring Temporal Differences in 3D Convolutional Neural Networks." at National Conference on Computer Vision, Pattern Recognition, Image Processing and Graphics (NCVPRIPG), 2019

The Spot Award September 2014
Awarded for demonstrating excellence in the assigned tasks at eClerx Services Ltd.

TECHNICAL SKILLS

Programming Languages: C, C++, Python, MATLAB
Libraries and Scripts: PyTorch, Tensorflow, OpenCV, Numpy

Publications

Gagan Kanojia, and Shanmuganathan Raman. "Learning to Sort Image Sequences via Accumulated Temporal Differences." [Under review in IEEE Transactions on Image Processing]
